

Benefits: Salmon Oil is naturally stable due to Vitamin E and astaxanthin levels. It may help with skin/coat conditions, vision, cognitive function and is an excellent energy source vital for the transport and absorption of fat-soluble Vitamins A, D, E & K.

- Improves coat & skin conditions
- Promotes growth, brain & vision development
- Stronger bone structure
- Boosts immune system
- Improved metabolism
- Supports cardiovascular health
- Reduces inflammation
- Easy to digest and gut friendly

Natural Blend's Salmon Oil is

a delicious natural supplement suitable for dogs & cats and other animals. It's naturally rich in Omega 6 and Omega 3 oils, meaning it's a good source of essential fatty acids. The addition of Salmon Oil is a great way to increase palatability of your pet's dry food. Our Salmon Oil is produced only hours after harvesting, ensuring low oxidation levels and high quality together with being bottled in Germany to keep it that way.

Our oil is made exclusively from salmon raw material.

The raw material and the salmon oil is thoroughly analysed guaranteeing you pure products directly from the fisheries of Norway.

Composition of Salmon Oil per Kg

- Omega 3 & 6 >15%
- Eicosapentaenoic acid (EPA) & Docosahexaenoic acid (DHA) 5-8%
- Free Fatty Acid < 1%
- Vitamin E > 130mg
- Astaxanthin 4-8 mg
